## **Perspectives on Election** Chad Brand

Perspectives on Election presents in counterpoint form five basic common beliefs on the doctrine of spiritual election (for example, predestination) that have developed over the course of church history with a view toward determining which is most faithful to Scripture. Each chapter is written by a prominent person within each tradition, and each writer has the opportunity to respond to each differing view.

Despite the focus upon a topic that divides many people, editor Chad Brand says, “The goal of this book is to add clarity to the discussion and to further the discussion, insofar as it is possible, in an amiable manner.”
