My cabin sits near a portal to the Otherworld. The Dark Fae are sending ogres to kill any humans who survived the plague they unleashed a year ago. First a baby dragon, then a goblin, show up looking for me. That's when the fairy I'd known for a year decides to tell me I'm an elf and my high school boyfriend runs the Dark Fae. I went from human with a bad breakup to a fairy tale creature that was still in love with a killer in three days.

A trip through the Otherworld portal shows me my birthplace and dangles the promise of a happy ending I thought was gone. Confronted with true evil, I have to learn my ice magic while fighting for my life. With rekindled love and a new family to protect, I'll have to battle a psychotic elf with lightning power. One bolt and I'll disintegrate. One of us won't survive.
