## **The Fall of Constantinople** Edwin Pears

Pyrrhus Press specializes in bringing books long out of date back to life, allowing today's readers access to yesterday's treasures.

This is a history of the Ottoman conquest of Constantinople in the mid-15th century, which brought about the final collapse of the Byzantine Empire.

From the preface:

"No historical subject has attracted more attention in France and Germany during the last twenty years than the Latin conquest of Constantinople. No other historical question has had devoted to it during the same period the labors of an equal number of illustrious historical students. A literary controversy has been waged, and is still waging, about several of the important questions which have arisen in connection with the subject. The larger question of the history of Constantinople and of the Eastern Empire in the Middle Ages has likewise, during the last quarter of a century, occupied the attention of a considerable number of Continental scholars, whose labors have added much to our stock of knowledge on the subject. Among the most important of their contributions a few may be here noticed. Muralt's "Chronography of Byzantine History," between 1057 and 1453, is an immense aid to all students of the period treated of. It is hardly possible to mention any statement respecting any event, however trifling, within the period dealt with, for which all the authorities are not cited. Heyd's "History of Trade in the Levant during the Middle Ages" is also a monument of careful research.

Hurter, though belonging to a somewhat earlier period, has given a singularly vivid and impartial sketch of the dealings of Innocent the Third with the Eastern Empire, perhaps the more remarkable that he was himself a Protestant pastor. The labors of Charles Hopf and of Tafel and Thomas have thrown light on much which was obscure in the dealings of Venice with the New Rome. Krause's examination of Byzantine manners, customs, court and domestic history, gives a useful and interesting account of the social life of Constantinople. The valuable histories of Finlay were written before most of the works to which I allude in this preface appeared, but still show considerable insight into Byzantine history. On the influence of the Saracens and the Turks invaluable suggestions are found in Professor Freeman's "History and Conquest of the Saracens," his "History of the Ottoman Power in Europe," and in his "Historical Essays."

#### **Deborah Young:**

As a college student exactly feel bored to help reading. If their teacher questioned them to go to the library as well as to make summary for some guide, they are complained. Just very little students that has reading's heart and soul or real their hobby. They just do what the professor want, like asked to go to the library. They go to generally there but nothing reading very seriously. Any students feel that reading is not important, boring in addition to can't see colorful images on there. Yeah, it is being complicated. Book is very important for you. As we know that on this age, many ways to get whatever we really wish for. Likewise word says, many ways to reach Chinese's country. Therefore this The Fall of Constantinople can make you really feel more interested to read.
