Secrets of the Soes Bandit: Harvey Houtkin Reveals His Battle-Tested Electronic Trading Techniques: Harvey Houtkin Reveals His Battle-Tested Electronic Trading Techniques Harvey Houtkin, David Waldman

Soes (Small Order Execution System) has been a catalyst for change in the financial markets. SOES, increasingly called direct access electronic trading, allows individuals to bypass their broker and profit from intraday price movements on NASDAQ. As Time noted, "Savvy little guys use Wall Street's own computers to outsmart marketing pros." In *Secrets of the SOES Bandit*, average investors can learn how to utilize direct access electronic trading, think like successful traders and make trading an integral part of their lives. The book provides detailed analysis of the various NASDAQ participants and their impact on the market. Investors will also explore the inner workings of the NASDAQ market both before and after the regulatory revolution.
