It's the first time a homicide has taken place actually within the ME's office. Medical Examiner Stone works on how to spin the news while Theresa works the scene.

When a second victim is discovered, Theresa uncovers a link to the death of another co-worker, records secretary Diane Allman, who was murdered in her own home ten years before. As she painstakingly pieces the clues together, Theresa realizes that she has become an integral part of a ruthless killer's murderous agenda. And if she is to survive, she must find out what really happened to Diane all those years ago.
