Talker 25 Joshua McCune

Debut author Joshua McCune's gritty and heart-pounding novel is a masterful reimagining of popular dragon fantasy set in a militant future reminiscent of Paolo Bacigalupi's *Ship Breaker* and Ann Aguirre's *Outpost*. *The Horn Book* called it "absolutely gripping and absolutely horrifying."

It's a high-school prank gone horribly wrong—sneaking onto the rez to pose next to a sleeping dragon—and now senior Melissa Callahan has become an unsuspecting pawn in a war between Man and Monster, between family and friends and the dragons she has despised her whole life. Chilling, epic, and wholly original, this debut novel imagines a North America where dragons are kept on reservations, where strict blackout rules are obeyed no matter the cost, where the highly weaponized military operates in secret, and where a gruesome television show called *Kissing Dragons* unites the population. Joshua McCune's debut novel offers action, adventure, fantasy, and a reimagining of popular dragon lore. "The story packs significant punch."—*Publishers Weekly*
