## **Five Pathways to Wholeness** Roger Hurding

Five Pathways to Wholeness examines a variety of approaches to pastoral care: biblical counselling, the healing ministries, pastoral counselling, spiritual direction and social change. Bringing together material from a range of sources, and offering numerous engaging real-life illustrations, the author compares and evaluates each of the five approaches in its own right. At the same time, he encourages those who favour a particular pathway to respect and understand the *raison d'être* of the other four. All five, he believes, can move to a more truly 'integrational' theological and psychological viewpoint.
