**The 1864 Franklin-Nashville Campaign: The Finishing Stroke (Battles and Leaders of the American Civil War)** Michael Smith

This appealing narrative history of one of the Civil War's most pivotal campaigns analyzes how the western Confederate army under John B. Hood suffered a devastating defeat at the hands of George H. Thomas's Union forces.

- Emphasizes that the Northern high command suffered from serious dissension and divisions just as its Southern counterpart did—a historic reality often obscured by the ultimate Union victory
- Presents detailed information about the 1864 Franklin-Nashville campaign that suggests that Northern leadership was remarkably disorganized and often seriously at odds with one another, even during the war's last major campaign in the western theater
- Provides readers with rare insights into the often chaotic workings of the Civil War high commands, which suffered from deficiencies stemming from personal rivalries and honor-related conflicts as well as confused, ineffective organization and communication
