Innovative Internet Community Systems: Third International Workshop, IICS 2003, Leipzig, Germany, June 19-21, 2003, Revised Papers (Lecture Notes in Computer Science)

The papers in this volume were presented at the workshop “Innovative Internet Community Systems 2003” held on June 19–21, 2003 in Leipzig. IICS 2003 was the third workshop in the IICS series. The purpose of these workshops is to bring together researchers in the area of system and information management for the Next Generation Internet (NGI). Like the preceding two workshops, IICS 2001 and IICS 2002, this year’s workshop was organized by the Gesellschaft für Informatik (GI) in Germany to support the exchange of experiences, results and technology in the area of focus. The 21 papers (2 invited, 19 other contributions) presented at the conference and in the present volume were selected from more than 30 submissions. Every submission was fully reviewed by 3 members of the program committee. We wish to thank all those who made the meeting possible: the authors for submitting papers, the members of the program committee for their excellent work, and the two invited speakers. We wish to express our sincere appreciation to Regine Gabler (University of Leipzig) and Barbara Hamann (Technical University, Ilmenau) for their great efforts and perfect work concerning the administrative details associated with the workshop and the preparation of this volume. Finally, we wish to acknowledge the substantial help provided by our sponsors: the University of Leipzig, the Technical University, Ilmenau, and the TKK (Techniker Krankenkasse) Leipzig. August 2003
Thomas Böhm, Gerhard Heyer, Herwig Unger
VI Organization
Organization IICS 2003 was organized by the Gesellschaft für Informatik (GI) in Germany.
