Fifteen years in the making, The Encyclopedia of Jewish Prayer is a monumental achievement. Never before has such a comprehensive resource been available to those searching for answers to questions on Jewish prayer. Macy Nulman has provided, in one unique, accessible volume, information on each and every prayer recited in the Ashkenazic and Sephardic traditions, creating an invaluable tool for study or quick reference. Prayer books are essentially cumulative anthologies that evolved over time as new prayers were added. Study of these prayers reveals insights into the history of Judaism, providing a deeper appreciation of the heritage that has sustained the Jewish people throughout the centuries. This volume, through its encyclopedic format, makes such a study easy and enjoyable. Arranged alphabetically by prayer, the encyclopedia entries include extensive liturgical information on the prayers, their composers and development, the laws and customs surrounding them, and their place in the service. All prayers, including not only prayers recited in the synagogue, but also the Grace After Meals and the prayers to be said before going to bed, prayers for special occasions such as weddings and circumcisions, prayers for the funeral ritual and for private devotion, are featured. The entries make extensive use of cross-referencing and bibliographical information to facilitate further study. In addition, the author discusses the many poetic insertions, known as piyyutim, recited on special Sabbaths, Holy Days, and festivals. Concise and easy to consult, The Encyclopedia of Jewish Prayer contains several indexes: two title indexes - one in Hebrew and one in transliteration - as well as an index of biblical verses and a name index. Additionally, a glossary defining technical terms and vocabulary associated with the prayers is provided. This important, one-of-a-kind reference volume is ideal for scholars, students, and others who want to know more about Jewish tradition.
