The Human Side of Change: A Practical Guide to Organization Redesign

Timothy J. Galpin

The Human Side of Change: A Practical Guide to Organization Redesign Timothy J. Galpin

Even the most carefully planned organizational changes can fail if individuals are not taken into consideration. The Human Side of Change is a step-by-step action plan for the change process that takes full advantage of an organization's greatest resource: its people. From planning to implementation to behavior change, Timothy J. Galpin shows how a well-orchestrated approach--one that pays attention to the soft side aspects of the process--can make the difference between change for the better and no change at all.

Drawing on a decade of consulting experience with businesses and governments around the world, Timothy J. Galpin outlines a nine-step process for effectively combining the human and technical sides of change for successful mergers, downsizing, and restructuring. The Human Side of Change offers managers, frontline supervisors and human resource professionals valuable tools, techniques, and examples to help them gain support for change at all levels of an organization. With numerous charts, graphs, and a glossary of change-management terms, this book is both an ideal blueprint and an accessible quick reference for the implementation of stable and sustained transformation.

Weston Brock:

As a pupil exactly feel bored to be able to reading. If their teacher requested them to go to the library as well as to make summary for some guide, they are complained. Just little students that has reading's heart or real their pastime. They just do what the professor want, like asked to go to the library. They go to there but nothing reading seriously. Any students feel that studying is not important, boring as well as can't see colorful images on there. Yeah, it is to be complicated. Book is very important for you. As we know that on this era, many ways to get whatever we want. Likewise word says, many ways to reach Chinese's country. Therefore this The Human Side of Change: A Practical Guide to Organization Redesign can make you experience more interested to read.
