Clinical Management of Diabetic Neuropathy (Contemporary Endocrinology)

Clinical Management of Diabetic Neuropathy (Contemporary Endocrinology)

Leading medical specialists critically review for the general practitioner the latest techniques for the clinical management of diabetic neuropathy. These authoritative contributors focus on the practical aspects of diabetic neuropathy and describe in detail the treatments that are currently available or expected to become available in the near future. They also include concise discussions of the causes of diabetic neuropathy and highlight the relatively unknown features of neuropathy that can significantly impact a patient's life. Comprehensive, up-to-date bibliographies at the end of each chapter provide an opportunity for the interested physician to gain a more detailed picture of a particular topic. This book offers family physicians, internists, endocrinologists, podiatrists, cardiologists, neurologists, and gastroenterologists an authoritative practical guide and a vital day-to-day reference source for the management of their neuropathic diabetic patients.
