Evolving Faith: Wanderings of a Mormon Biologist

Steven L. Peck

Evolving Faith: Wanderings of a Mormon Biologist Steven L. Peck

Believers and scientists have long wrestled over the relationship between science and faith. Acclaimed Latter-day Saint author and scientist Steven L. Peck demonstrates that both are indispensable tools we can use to navigate God's strange and beautiful creation. *Evolving Faith: Wanderings of a Mormon Biologist* is a collection of technical, personal, whimsical essays about Mormon theology, evolution, human consciousness, the environment, sacred spaces, and more. With the mind of a scientist, the soul of a believer, and the heart of a wanderer, Peck provides companionship for women and men engaged in the unceasing quest for further light and knowledge.
