The Peaceful Path of Prosperity: Practical and Spiritual Approaches to Enrich Your Life with Your Inner Wealth Danny Babineaux

The Peaceful Path of Prosperity is about allowing the highest part of you to shine through so that you can bring more prosperity into your world. Authentic prosperity grows naturally from a peaceful path that we all have at our core. When you access this higher place, you can bring that inner wealth into your physical world in many forms, from emotions such as joy, fulfillment and freedom, to attracting and creating the material things you desire. The book explains that what you want for your life already exists in an unseen, non-material realm. When you recognize this concept, and align with it, you allow your desires to show up without any struggle.

The book teaches you to reach silence, rid yourself of your imposter (your false-self), live by your values, work towards your desires, let go of struggle, implement enthusiasm, become patient and adopt gratefulness. These are powerful invisible forces that come into play in bringing about ultimate peace and prosperity. When all of the principles are in harmony, you will experience life on a new empowering level. You will feel more at peace than ever and begin living the purposeful, happy and abundant life you were meant to live.
