**The Slip** Mark Sampson

**Philip Sharpe is one bad morning and two regrettable comments away from going viral for all the worst reasons.**

In his wickedly funny new novel, Mark Sampson introduces us to the ultimate absent-minded professor, Dr. Philip Sharpe, who teaches philosophy at the University of Toronto and is one of Canada's most combative public intellectuals. But when a live TV debate with his fiercest rival goes horribly off the rails, an oblivious Philip says some things to her — some heinous and wildly inappropriate things — that he really shouldn't have.

As a clip of Philip's "slip" goes viral, it soon reveals all the cracks and fissures in his marriage with his young, stay-at-home wife, Grace. While the two of them try to get on the same side of the situation, things quickly spiral out of control.

Can Philip make amends and save his marriage? To do so, he'll need to realize the true nature of his on-air comments, and to conscript a band of misfits in a scheme to set things right.
