Beating the Odds in a Big Country: The eradication of bovine brucellosis and tuberculosis in Australia

Robert Lehane

The implementation of the Brucellosis and Tuberculosis Eradication Campaign has been one of the most significant animal health achievements in the history of Australia and worldwide. The unprecedented technical and operational complexity of the campaign presented an enormous challenge to cattle producers, veterinarians, research scientists, field staff and administrators over the 25 years of the project.

Beating the Odds in a Big Country captures the dynamism of the campaign and records the very real contribution in cash and kind made by the many producers whose herds were subject to eradication programs.
