Documentation for Rehabilitation (.Net Developers Series) Lori Quinn, James Gordon

Ensure confident clinical decisions and maximum reimbursement in a variety of practice settings such as acute care, outpatient, home care, and nursing homes with the only systematic approach to documentation for rehabilitation professionals! Revised and expanded, this hands-on textbook/workbook provides a unique framework for maintaining evidence of treatment progress and patient outcomes with a clear, logical progression. Extensive examples and exercises in each chapter reinforce concepts and encourage you to apply what you've learned to realistic practice scenarios.

- **UNIQUE!** Combination textbook/workbook format reinforces your understanding and tests your ability to apply concepts through practice exercises.
- **UNIQUE!** Systematic approach to documenting functional outcomes provides a practical framework for success in numerous practice settings.
- Case studies show you how to format goals through realistic client examples.
- Practice exercises provide valuable experience applying concepts to common clinical problems.
- Four **NEW** chapters address additional aspects of documentation that rehabilitation professionals will encounter in practice:
 - Legal aspects of documentation
 - Documentation in pediatrics
 - Payment policy and coding
 - Computerized documentation
