## **Rome and Religion in the Medieval World: Studies in Honor of Thomas F.X. Noble (Church, Faith and Culture in the Medieval West)** Valerie L. Garver, Owen M. Phelan

Rome and Religion in the Medieval World provides a panoramic and interdisciplinary exploration of Rome and religious culture. The studies build upon or engage Thomas F.X. Noble's interest in Rome, especially his landmark contributions to the origins of the Papal States and early medieval image controversies. Scholars from a variety of disciplines offer new viewpoints on key issues and questions relating to medieval religious, cultural and intellectual history. Each study explores different dimensions of Rome and religion, including medieval art, theology, material culture, politics, education, law, and religious practice. Drawing upon a wide range of sources, including manuscripts, relics, historical and normative texts, theological tracts, and poetry, the authors illuminate the complexities of medieval Christianity, especially as practiced in the city of Rome itself, and elsewhere in Europe when influenced by the idea of Rome. Some trace early medieval legacies to the early modern period when Protestant and Catholic theologians used early medieval religious texts to define and debate forms of Roman Christianity. The essays highlight and deepen scholarly appreciation of Rome in the rich and varied religious culture of the medieval world.
