This is the sequel to Silver Fire.

Alpha werewolf Sh'rell knows it's her responsibility to rebuild the packs decimated by the Keepers of the Race. There's still plenty of time before she has to settle down. She plans on using that time to get to know sexy guitarist Reza Jordan intimately.

Reza's band is just one break away from making it to the big time. Once they're famous, he can escape the past that has haunted him for so long. All he has to do is keep his mind on the job. That's not so easy to do when he spots the sable-eyed beauty at one of his concerts. The desire sparking between them is intense, but she has "complicated" written all over her luscious body.

When the Keepers mount a vicious attack, Reza is the only one who can save Sh'rell's life. Their fire and passion burn brightly, healing Sh'rell every day. They don't know that the ultimate test lurks in the wings. Secrets from Reza's past threaten to destroy them. Reza and Sh'rell will have to learn to work together if they have any hope for survival.
