Un impiadoso crítico dijo alguna vez que fue San Juan uno de los primeros escritores del género fantástico al dejarnos su Apocalipsis, pero sin duda hay un exceso de mala fe en esa afirmación. Y muchas veces los relatos fantásticos fueron considerados como un género menor; sin embargo, se olvida que las aventuras de Jasón y los argonautas, las peripecias de Perseo, las tareas de Hércules y la tragedia de Edipo, por sólo citar algunos textos hoy clásicos, fueron en su tiempo relatos fantásticos con la misma estructura que los actuales ya que sus personajes no distinguen entre lo real y lo irreal, mientras la suma de elementos reales y elementos increíbles conforman un cosmos donde los hechos más inverosímiles siguen, sin embargo, un desarrollo cercano al lógico.

Esta antología presenta un panorama amplio del género, desde sus brumosos inicios y pasando por las diferentes versiones que las épocas y las regiones e influencias diversas le han dado, siempre bajo una premisa fundamental: la supremacía de la imaginación sobre la explicación racional, que nunca alcanza a explicar aquello que, desde su mismo planteo, es, simplemente, lo inexplicable.
