Natural Theology Reconfigured: Confucian Axiology and American Pragmatism (Ashgate New Critical Thinking in Religion, Theology and Biblical Studies) Zhiqiu Xu

Classic natural theology in its logical, rational, Aristotelian presentation has encountered an impasse. Since the Enlightenment, nature has ceased to be a vital topic in theological discussions until a recent revival of interest stemming from ecological and feminist concerns. Provocatively transcending boundaries between Philosophy and Theology, ancient and contemporary, East and West, *Natural Theology Reconfigured* revitalises the validity and relevancy of Natural Theology, a shipwrecked concept in the West, with the aid of Eastern Confucian Axiology and American Pragmatism.
