Política: Clásicos de la literatura (Spanish Edition) Aristóteles

Este ebook presenta "Política", con un índice dinámico y detallado. Política reúne los escritos que Aristóteles dedicó a la vida en sociedad y la organización de la convivencia cívica. Una suma de tratados menores de sorprendente riqueza de temas, expuestos con la agudeza y profundidad que caracteriza el pensamiento aristotélico. El discípulo de Platón comienza analizando las estructuras básicas de la sociedad, en la que la ciudad representa el logro más cabal: el hombre está definido como un ser cívico y por encima de la familia, la tribu y la aldea se perfila la polis como el ámbito autosuficiente de la cultura y la vida feliz. Tras pasar revista a los distintos tipos de gobierno, se muestra partidario de la democracia moderada, la clase media, el equilibrio de poderes y una constitución mixta. Señala después los rasgos que definen al ciudadano en su participación en la tareas comunitarias, e insiste en la importancia de la educación para mantener y mejorar esa vida digna y libre.

Aristóteles (384 a. C. - 322 a. C.) fue un polímata: filósofo, lógico y científico de la Antigua Grecia cuyas ideas han ejercido una enorme influencia sobre la historia intelectual de Occidente por más de dos milenios.
