Environmental Disclosure Practices and Financial Performance

Environmental Disclosure Practices and Financial Performance

Understanding environmental liability and disclosure is critical for firm management, investors, accountants and auditors. The U.S. Congress has been increasing the pressure on companies to disclose information on environmental liabilities for years. This study delves into the issue by examining the impact of environmental disclosure on financial performance. These insightful essays provide guidance by supplying the most current and concise research available on this important topic.

Covering such topics as legislation, liability, and regulations, this work analyzes how environmental disclosure influences the financial statements and public accountability of companies, and ultimately drives organizational change. This book builds the framework necessary to comprehend the complexities of quantifying environmental liabilities and make well-informed decisions.
