## **Identity, Gender, and Sexuality: 150 Years After Freud (The International Psychoanalytical Association Controversies in Psychoanalysis Series)** Peter Fonagy

'While Freud opened the door on the formative and motivating power of sexuality, contemporary psychoanalysts, with some notable exceptions, have consigned sexuality to the psychoanalytic closet. This book not only re-opens the door on the broad subject of psychosexuality, but also provides fresh insights into heterosexuality, bisexuality, homosexuality, gender identity disorder, transvestism and transsexualism. This publication brings together some of the leading psychoanalytic authorities from around the globe to consider in depth the complex interweaving of identity, gender and sexuality from theoretical, clinical, historical and research perspectives. I strongly recommend "Identity, Gender and Sexuality" to those looking for a book that does not pull punches. The reader will find a debate about the relative merits of clinical, empirical, and conceptual research, critical assessments of interdisciplinary findings from infant and child development research, embodied cognitive science, academic psychology, neurobiology, genetics, ethology, and other fields of inquiry, and honest and illuminating psychoanalytic case studies. - Donald Campbell
