The Crowd Goes Wild: How to Love Sports Without Losing Your Soul William C. Rhoden

We turn to sports for heroes, escapism, and inspiration, but lately the sports pages have offered one distressing story after another: performance-enhancing drugs in baseball, the concussion crisis in American football, and extreme acts of off-the field violence across the board. On top of that, the sports world continues to struggle with issues of racism and sexism, corrupt college and youth leagues, and cruelty to animals. William Rhoden has been covering these issues for 30 years as a columnist at the New York Times and here, he walks fans through these issues one by one, combining incisive analysis with rich storytelling and fresh reporting from his own investigations. In the end, he offers a thought-provoking and brutally honest assessment on how the games we love fit with the values we cherish - and whether the world of sports can yet be redeemed.
