What does a re-vision of the Charismatic/Pentecostal Spirit-empowered movement look like in the coming years of this millennium? The first century of this revival seems to attest that the Lord raised up the holiness and Pentecostal movements not only to be custodians of these distinctive truths, but the perpetrators of them as well. If any generation ceases to accentuate this emphasis, the movement likely will forfeit the right to be recognized as such.

When the Pentecostal message is preached, published, and proclaimed through triumphant song, an atmosphere is sustained for people to experience anew and again the reality of salvation, holiness, charismata, wholeness, and hope. Such a revival will be biblically based, rationally sound, traditionally accurate, and experientially real.

Spirit-Empowered Christianity in the 21st Century is an authoritative compilation of the presentations from thirty leaders in the Charismatic/Pentecostal movement given at the Empowered 21 Conference in Tulsa, OK, in April 2010. These chapters share emerging insights on how the next generation will handle the profound issues facing Christians within the Charismatic/Pentecostal movement in the 21st century. For example, one portion covers the topic of the 21st century renewal while another discusses how we can protect our Charismatic distinctive. Another portion will highlight Charismatic adaptations for reaching this present age, discussing issues of social and economic justice, prosperity and suffering, challenges to urban ministry, the future of the next generation, Oneness Pentecostalism, and missiological aims in North America.
