Eighth Army's Greatest Victories Adrian Turner

To read many accounts, it would appear that the Eighth Army's victory at El Alamein was quickly followed by its triumphant arrival at Tunis. Adrian Turner, the experienced authority on the period, redresses the imbalance by describing brilliantly the progress of this legendary fighting force and describing the ferocity of such battles as that for the Mareth Line. The author deftly handles strategic level thinking, the tactical battles and individual contributions. Aviation readers will be thrilled by recognition of the Desert Air Force's contribution, too often neglected.
