Gender, Economy and Culture in the European Union (Routledge Research in Gender and Society)

Simon Duncan, Birgit Pfau-Effinger

Providing a comprehensive analysis of comparative gender difference in the EU, this book addresses a spectrum of gender issues. From employment and households, to culture, sexuality and male violence, the book transcends any 'economy/culture' divide.

This wide coverage is placed within a conceptual view of structured 'gender cultures' which vary spatially and historically. Individual chapters are written around this common theme by an expert board of international contributors, drawn from a variety of intellectual and disciplinary backgrounds, allowing the reader to compare between chapters and read across them.
