Nanotechnology and Global Equality

Donald Maclurcan

Nanotechnology and Global Equality Donald Maclurcan

The book places nanotechnology's emergence within a broad historical and contemporary global context while developing and testing an interpretive framework through which to assess nanotechnology's claims. It clarifies the nature of global engagement with nanotechnology research and development, revealing surprising scenarios, unacknowledged by most mainstream commentators. The book concludes by exploring a range of perspectives from Thailand and Australia about nanotechnology's foreseen implications for global inequity.
