Princípios de uma nova ética (Portuguese Edition) Pietro Ubaldi

Em Princípios de uma Nova Ética, a velha ética dos teólogos e filósofos recebe um forte jato de luz, e o Autor nos dá uma visão mais profunda de Deus, de um Deus que, sendo Amor, está presente na vida de seus filhos, como sensação sublime. A personalidade humana é analisada em sua íntima estrutura, destacando-se o exame psicológico do subconsciente, consciente e superconsciente, que caracterizam os três biótipos terrestres. Avançando na análise dos problemas fundamentais do ser, Ubaldi enfrenta a questão do destino em geral para deter-se, em seguida, no estudo do destino particular de cada um, em face da lei de causa e efeito, princípio de Justiça universal. Reexaminando a psicanálise de Freud, o Autor aponta suas falhas e limitações no tratamento das neuroses e complexos, ao não levar em conta os aspectos filosófico e espiritual. Defende a necessidade de uma “nova psicanálise” para uma mais abrangente análise da personalidade e do destino do paciente, objetivando um tratamento eficaz e correto de suas doenças psíquicas e espirituais - nessa nova perspectiva, o analista será um médico do espírito, e a psicanálise será olhada e respeitada como ciência da alma. Finalmente, Pietro Ubaldi aborda a sexualidade de nossos dias, em face da natureza humana, e aponta a espiritualização do amor como o passo decisivo que a evolução vai impor a todos os seres.
