Critical Feminism and Critical Education: An Interdisciplinary Approach to Teacher Education (Routledge Research in Teacher Education) Jennifer Gale De Saxe

Challenging the current state of public education and teacher preparation, this book argues for a re-imagination of teacher education through a critical feminist and critical education perspective. Offering a rich discussion of the promise and pedagogy of self-reflexivity and *testimonio*, which emerges from critical feminism, this book brings together theory and practice in critical feminism, critical education, and *testimonio* to serve as a platform in which to reconceptualize the philosophy of traditional teacher education, arguing that too many programs prepare teachers who often preserve, rather than challenge, the status quo.
