Gypsy Witchcraft

Charles Godfrey Leland

Gypsy Witchcraft Charles Godfrey Leland

THIS work contains a collection of the customs, usages, and ceremonies current among gypsies, as regards fortune-telling, witch-doctoring, love-philtering, and other sorcery, illustrated by many anecdotes and instances, taken either from works as yet very little known to the English reader or from personal experiences. Within a very few years, since Ethnology and Archæology have received a great inspiration, and much enlarged their scope through Folk-lore, everything relating to such subjects is studied with far greater interest and to much greater profit than was the case when they were cultivated in a languid, half-believing, half-sceptical spirit which was in reality rather one of mere romance than reason.
