The Aspect of Memory in Kazuo Ishiguro's 'A Pale View of Hills' (German Edition) Lydia Gaukler
Studienarbeit aus dem Jahr 2006 im Fachbereich Anglistik - Literatur, Note: 1,0, Universität Mannheim, 10
Quellen im Literaturverzeichnis, Sprache: Deutsch, Abstract: It is widely accepted that human memory
constitutes identity: We need to have individual memories in order to experience biographical continuity.
Without the episodic (or autobiographical) memory, it would be impossible for us to link our individual past
to ourselves. The strong connexion between memory and identity is a very prominent topic in contemporary
British fiction and the significance of memory is discussed in many literary works. One of this books is
Kazuo Ishiguro's first novel A Pale View of Hills.

In this novel, Kazuo Ishiguro concerns himself with memories and their problematic function in the process
of forming one's identity. All of his novels he has published so far deal with "individuals scanning their past
for clues to their identity, loss, or abandonment." This also applies to A Pale View of Hills. The novel,
Childs summarizes, "is a gentle meditation on memory and sublimated pain, which uses fantasy and
displacement to reveal indirectly the distress of a woman who has lost her homeland, her husbands, and her
elder daughter."

In the following, I will first outline the plot of the novel. Then I shall want to concentrate on memory as a
means to create identity and to avoid responsibility. I shall also discuss the unreliability of the narrator. As
we will see, this unreliability enables the reader to decipher the narrator's memories. At last I shall try to
answer the question how the main protagonist in the novel uses his memory to overcome a loss by
transferring her guilt onto an imaginary character.
